It's been an absolute pleasure working with Scott. From start to finish, it's been nothing short of quality, honest, professional and reliable service. Having used a party wall surveyor for the first time, Scott was able to guide me through the process and set expectations.

I've added Scott to my contacts list on my phone and I'll certainly be using again to overcome any future party wall issues.

Scott responded very promptly to my enquiry email and gave me excellent and unbiased advice as to my rights regarding the project. He contacted the other party which resulted in the matter being satisfactorily resolved.

I contacted Berry Party Wall Surveyors when I was in the planning stages of a Loft Conversion for my Victorian Terraced House. I was having trouble getting a response from my neighbour's Landlord regarding the proposed building works and Scott was able to provide me with consultation and advice, following which he delivered prompt intervention to carry out a Party Wall Schedule of Condition.

Scott was efficient, neutral, and responded quickly to my calls and emails. He was respectful of my neighbours and helped to give me reassurance and confidence that things were progressing in the appropriate way.

Following Scott's assistance my neighbour's Landlord has been provided with the requested Schedule and has since agreed to the proposed work in writing so I can proceed with the project. The cost of the service was very reasonable, and I would recommend this company to others.

Scott was super helpful and knowledgeable when preparing 2 party wall awards for me with my difficult neighbours! No question was too much trouble, and he was always at the end of the phone to answer any questions when I was getting stressed out as I had never needed to do this before. Would 100% recommend. He also came with his son on site visits, so it's nice it is a family run business 😊

Almost immediate phone call from Scott Berry followed by a very helpful email. A further phone call was also very helpful. I am the Adjoining Owner, but I am still waiting for the Building Owner who has encountered delays even though he has had planning permission granted.
